

TOI Journal Article Writing Guidelines

Articles submitted must be in accordance with the following general conditions:

1. The article has never been published in another journal, and or is not in the process of being published by another journal.
2. Articles that have been submitted at scientific meetings should be footnoted about the meeting.
3. The manuscript file is in Microsoft word format.
4. A4 paper size (21 cm x 29.7 cm).
5. The upper-lower left-right border is 2.5 cm each.
6. Spacing 1.15, font type cambria, font size 11, unless otherwise noted.
7. The article is accompanied by an ethical clearance signed by the author.
8. Articles presented not in accordance with the provisions of the journal will be returned.
9. Tables, graphs and figures are inserted in the manuscript, with a resolution of at least 300 dpi. Number and caption clearly above the table and below the figure/graph.
10. The maximum limit of plagiarism is 20%.
11. The literature listed in the bibliography is completely cited and comes from the original source, so that the links written in the bibliography can be searched.
12. Soft copies of articles are sent to the Editor of TOI Journal via online submission by logging in to the <https://journal.untidar.ac.id/index.php/toi>

Article Structure

Heading

The main title is written short, clear and reflects the content of the article a maximum of 14 words; written in Indonesian, single spaced, Cambria font size 14: capitalize each word, *bold*. While the title of the translation in English is written with a capital letter at the beginning of each word, *italic font 13*. Author name and affiliation written in full including email for correspondence, single spacing, font size 11. The author's name for the correspondence is given a *superscript* asterisk.

Abstract

Abstracts are arranged in two languages, namely Indonesian and English. The abstract contains briefly about the background, objectives, methods, results, and conclusions. Abstract contains maximum 200 words, single spacing, font size 10. Keywords maximum six words. The abstract in English is a translation of Indonesian.

Introduction

The introduction contains the background, problems and objectives of the research. Also mention previous studies that have been done. Spacing is 1.15 and Cambria font size is 11. The titles and contents of tables are written in one space and the font size is 11. The table is not made closed, it only uses a horizontal line separating the title and lower border. Write a source citation by including the author's last name followed by a year number.

Methods

This section contains the location and time of the study, materials, how it works and analysis of research data. The method is clearly described in the form of a narrative according to the type of research. If the method used is a standard method, it is enough to write citations, if there are modifications then the modified part is written.

Results and Discussion

The main results of the research are displayed based on the method used can be in the form of tables or figures that are clearly explained. The discussion explains the reason for obtaining the results and what is the meaning or meaning of the results obtained and is not a repetition of the presentation of the data sentenced.

Conclusion

Conclusions are written in paragraph form, avoid using bullets or numbers. This section concludes the research results in accordance with the research objectives.

Acknowledgments

This section contains gratitude from parties who support the implementation of research or article writing significantly.

References

The bibliography written is the library cited in the article.

Writing a library using Cambria font size 10 with a space of 1.15

The library is organized using the Mendeley application with *APA style 6th* Edition.

Bibliography format:

1. Journal

The title of the journal is written in full.

Rajani, M., Shrivastava, N., & Ravishankara, M. N. (2000). A rapid method for isolation of andrographolide from *Andrographis paniculata* Nees (Kalmegh). *Pharmaceutical Biology*, *38*(3), 204-209.

2. Books

Wagner, H., & Bladt, S. (1996). *Plant drug analysis: a thin layer chromatography atlas*. Springer Science & Business Media.

FORMULIR BERLANGGANAN
